MOHAWK SHAFT SINKING START WAS THURSDAY

Work of sinking a 200 foot incline shaft was commenced at the New Mohawk property Thursday and will be pushed to early completion. The present shaft which follows the vein is primarily for the purpose of exploring th evein to that depth and determining future underground operations. With the rich showing made in the surface workings it is expected that this property will develop into one of the large producers of the district once it gets fully under way.

An electrict hoist and small compressor have been installed and timbers for the shaft have been assembled at the site.

M. E. Olson has arrived to take charge of operations as superintendent. He received his early training as a practical miner in the old Cascade mining district in Washington. He went to Alaska in 1894 in the days of the gold rush and spent twelve years. He was at Juneau later being among the first in the rush to Dawson. He is highly pleased with the prospects in his new location.

John Sawbridge, president of the Yakima Mohawk Mining Company, which has purchased over 100 acres of ground in the Nevada Basin district is expected here in a few days to make an inspection of the property. E. R. Abadie is consulting engineer for the company.

DIAMOND CREEK FIRE DISCOVERED YESTERDAY

A bad fire broke out on Diamond creek above Washington yesterday afternoon above Washington. A crew of men was hastily recruited here and sent to the scene of action by the forest service and the state fire warden, Will F. Sharpe. Incendiarism is suspected for a number of the fires this year, but definite clues have been lacking as to the perpetrators.

LOCAL SCHOOLS START NEXT MONDAY MORN

The local schools will start for the fall term on August 27th and a large attendance is expected. The high school bus from French Corral by way of North San Juan will start on that date. Gilbert J. Davis will resume his duties as principal of the Washington grammar school and Arthur F. Isensee starts his second year as principal of the high school.

NOVEL BEING WRITTEN NEVADA CITY SCENES

The wealth of history in and about Nevada City has never found itself woven much into popular fiction as have other mining sections of the state in year past, but it is coming more into prominence. A novel is now being written by Roy Beach which will be woven about the community. Mr. Beach has written a number of short stories of late years one of which Cline's Injunction was first printed in Sunset and later in book form, a copy of which may be found in the local library.

The Right Rev. Bishop P. J. Keane of the Sacramento diocese, is reported seriously ill in a city hospital.

The funeral services for the late Mrs. Tilile R. Sneath were held from the Holmes Funeral Home Thursday afternoon, conducted by the Rev. E. O. Chapel. Mrs. Sneath passed away in Benicia.

Miss Marie Young has returned from a trip of some duration to to Long Beach.

The Native Sons of California participated in the ceremonies of transferring the site of Donner Monument to the State on Saturday. Dr. C. W. Chapman, who was one of the original sponsors of the project was an honored guest.

A tonsileptomy was performed on the junior member of The Nugget family at the Nevada City Sanitarium Friday, Dr. R. F. Werner being the operating surgeon.

For better roads, vote for Charles Eden for supervisor. 40-41

MINING PUBLICITY FOR NEVADA CITY DISTRICT

The Engineering and Mining Journal of New York has formally taken cognizance of the great mining revival in the Nevada City district which is now the livest gold mining camp on the Pacific Coast. A picture of the Gracie head from is shown in the article.

Mention is made of the Western Merger, Gracie, Murchie and New England properties to some extent.

A staff correspondent recently made a trip through the ditsrict.

CITY TRUSTEES SET TAX RATE $1.90 PER 100 SAME AS LAST YEAR

The city trustees on Thursday night fixed the local tax rate for the curfent year as $1.90 per $100. and is the same as last year. The various items making up the rate are as follows, both last year and this being shown for comparison:

	1927	1928
Sewer	.19	.18
Water	.33	.30
Fire	.20	.20
Library	.18	.22
Street Imps.	.80	
Swimming Pool	.20	
General Fund		1.00

Owing to the fact that the trustees collected taxes for the street improvement and swimming pool bonds for a year before they sold it will not be necessary to levy for these two funds this year and the general fund accordingly will dervie the benefit. The only increase appearing this year is in the library fund which is given a four cent boost but with the four cent cut in the sewer and water funds the rate has not been increased.

The total taxable property valuation is $805,494 according to the computations made by City Clerk Calanan , of which nearly $760,00 is in real property and improvements and the balance in personal property.

City Tax Collector Shearer will soon be at his pleasant task of separating our worthy citizens from a portion of their shekels for the purpose of providing the city government with the necessary lubrication.

The only other item of business transacted aside from paying bills was some discussion relating to the purchase of necessary fire hose to bring the fire department supply up to standard. A representative of one of the hose companies was present to show a number of samples and quote prices. Mayor Holmes appointed Trustees Murchie, Bennetts, and Seaman a committee to act in conjunction with the fire department and with full power to proceed.

The water collections for the month were $1328. The treasurer's report showed a balance on hand for July of $4088.51.

ANNUAL REUNION NEVADA COUNTY RESIDENTS, SEPT. 9

The 13th annual Reunion of Nevada County residents will be held at Mosswood Park in Oakand on Sept. 9thl and promises to be largely attended.

Theo. A. Kohler was a business visitor from Grass Valley Saturday.

Chris Temby, a former deputy county recorder, was calling at the court house and visiting old friends Friday.

Frank Nichols stopped over here for a visit. He had been in the southern part of California on a vacation and was on his way home to Aleghany.

Mrs. and Mrs. Chas. Guenther left Thursday for a visit with their son, Charles and family, at Yreka.

Mr. and Mrs. Otis Sweetland and little daughter of Yuba City spent Wednesday at the W. B. Magonigal home. They are former residents and were on their way to Lake Tahoe for a vacation.

The anmy friends of R. N. McCormack are pleased that he has returned home practically a well man. He boke his leg some time ago and has been confined to the Sutter Hospital in Sacramento.

Charles Eden for Supervisor—The Man for The Job. He is for Better Roads. 40-41

DISTRICT'S FUTURE LOOKS BRIGHTER ANOTHER MEETING SET FOR MONDAY

Bond Commission Says District Stand on Bear River Weak New PED Scheme To Be Offered Railroad Commission Friday's Meeting Was Productive of Much Information

MEETING HIGHLIGHTS

Bond Certification Commission of opinion that Bear river stand is weak one for District.

No more bonds will be approved while litigation is pending.

Commission calls on Ulrich and Robinson to state stand on Bear river.

Tibbetts will report next Monday on Bear river situation.

PED corpse trotted out to public view as being capable of revival.

The trip of the directors of the Nevada Irrigation District and the landowners committee to San Francisco last week to confer with Attorney General Webb and Bank Examiner Will C. Wood was productive of definite results, in that the stand of the State Bond Certification Commission is clearly stated. No more bonds will be certified or permitted to be sold if there is any liklihood of the district defaulting on its bond interest on January 1st. It was intimated that this was entirely possible if the district persisted in possible litigation with the Pacific Gas and Electric Company over the Bear river situation. Both Messrs. Webb and Wood gave it as their opinion that the district position on the Bear river was very weak and would not stand up under court action. This came out at the meeting of the directors of the district held on Friday.

At the meeting to be held next Monday it is expected that both Mr. Webb and Mr. Wood as well as engineer Tibbetts will be on hand and will be productive of more information for the waiting landowners. The meeting Friday brought out a crowded house and except for one of the feminine contingent who was afraid the former manager might miss bringing out some points in his favor, the speakers were generally accorded close attention.

The meeting was under way and the attorney had rendered his written opinon that the district had legal rights in Bear river when the former manager appeared and asked if he was wanted to open the meeting. He was informed that it was possible to proceed without his services as the attorney had ruled he was out of the picture as manager. The meeting proceeded with F. M. Miller in the manager's chair.

The attorney held that if the district abandoned its eminent domain proceedings that it might as well drop its two filings on the water flowing out of the tailrace of Drum power house of the power company.

Chairman Teagarden then took the floor to tell of his trip to the city. He stated that they went to see Messrs. Webb and Wood regarding the pending litigation on Bear river. Mr. Wood made the statement that he had looked over the minutes of all the proceedings of the Bond Commission since the inception of the NID and that absolutely no reference had been made to the Bear river filings. Mr. Webb stated that he had attended all meetings of the commission and that the Bear river matter had never come up and that if it had he would have raised the point of litigation at the outset. Mr. Wood stated that unless the district had a way of raising its interest money on January 1st there would be no further bonds approved. If the interest was not paid on that date, Mr. Wood said that as bank examiner he would have to instruct every bank in the state to write off NID bonds as security and to put up other security as loans. No bonds will be approved while litigation is pending. In case default was made in the January interest payment, the district would be thrown into the hands of a receiver.

Chairman Teagarden said he was looking about for the best thing to do in the present situation. A bond cannot be sold unless it is ertified A land tax would have to be in the amount of a million and a half, by adding fifty per cent to the necessary amount to meet indebtedness, two interest payments and allowance for delinquents.

Directors Schwartz and Ullrich confirmed the remarks of Mr. Teagarden. Mr. Ullrich said that Mr. Wood had stated that he and Mr. Robinson would have to state their opinions with regard to Bear river. Ullrich thought that the bond syndicate wasn't the only prospective buyers of NID bonds and that there were others who would invest. Director Mulcahy said that the district must pay its debts and meet its obligations. He stated that Wisker had said that the present bond syndicate was the only one that could finance the district.

Judge Clark of Lincoln showed a complete reversal of form over his remarks of last year in Serra hall. He said he could not understand why money was spent on power projects outside the district boundaries There had been miserable failures in engineering, managering and legal advice, he said, and what would the district do with the Bear river if it got it. We should get rid of Wisker and all his satellites, he said, and he was tired of all the old stuff and misstatements, that had been handed out.

Jos. Francis of Auburn of the landowners committee remarked that he had some rosy news in that the patched up flume between Bowman and Spaulding was now flowing 225 second feet of water and it was his opinion that the engineering work was good. He felt that district would come out with flying colors. It was his own opinion that the district has so little on Bear river that it was not worth trading for. We sit very poor in our economic situation. The value is not there. We are taking a legal advantage of the situation. The fact that the district has no control over the amount of water flowing out of Drum power house makes the power plan an unfeasible one. He asked the attorney if he cusidered the state attorney general a curbstoner. He stated that too much misinformation had been given out on Bear river.

H. W. Robinson, who is one of the heavy landowners of the county stated that the district could not afford to go into litigation and if perchance the district were awarded the Bear river rights that it would take too long to get any income out of it. That the district had no business to institute condemnation proceedings.

John V. Hubbard said the district problems are big and complex and that a recall and a new landowners committe won't solve the problems right now. If the interest is not paid on January 1st there will be a foreclosure and the NID goes out of the picture. The bond holders would then operate it.

Thomas Casey agreed with the rest of the committee. He said the water in Bear river is power water and it would take continuous flow to make power.

Frank Newcomb, who started the recall in Mr. Teagarden's district and circulated the petitions, said he wanted the matter to go to the railroad commission.

C. M. Pomeroy, who is interested in bringing Southern California settlers to this section, said that many fine settlers would come in if the dissention in the district was dropped. He urged the district to get on its feet and avoid lawsuits. Adjournment was taken until afternoon.

At the outset of the proceedings in the afternoon, E. J. N. Ott and the leasers of the LeCompton mine accepted a $1000 warrant for the damage done the mine property by flooding from the new Deer creek canal.

The former manager was then accorded the floor and for over two hours painted a rosy picture of what he would be able to accomplish with his new PED scheme. His proposal to take care of the farmers' debts dwindled four million dollars during the week as he is now only proposing to take care of five millions of indebtedness and last week it was nine millions. He said Mr. Van Bibber of the bond syndicate was telling a cock and bull story. He asked how it was possible for the Pacific Gas to identify the NID water in Lake Spaulding from the Pacific Gas water. He said there should be no recourse to the courts if there was a reasonable way of avoiding it. He offered to pay the expenses of carrying the lawsuit to the supreme court over the 1927 water bill if he were given a contingent percentage of one third of the amount recovered.

He stated that he knew the railroad commission has been giving a sympathetic interest to the district problems at long range.

He said that we shouldn't pay much attention to the bankers' statements especially when they are so far from the truth as some Van Bibber made in this room.

NEW ENGLAND MILL GETS NICE MAGAZINE NOTICE

The milling process used at the New England custom plant south of town has been receiving a great deal of publicity lately in mining magazines. The Engineering and Mining Journal of New York in its issue of August 11th has a two page illustrated article by George J. Young, associate editor which goes quite extensively into the type of treatment used.

The Mining Journal of Phoenix Arizona, recently had an article along the same lines and it has been creating a grat deal of interest among mining men.

The New England is operating what is known as the Vandecook mercuric cyanide process and is said to have a high ration of extraction of values.

NEW BUILDING AND LOAN COMPANY WILL OPEN HERE SEPTEMBER 10TH

Nevada City on September 10 will see an important new institiution launched in this community which should mean a great deal to its future life and prosperity. On that date the Nevada County Building and Loan Association will open for business in the former Citizens Bank Building with a county wide service modeled along approved lines.

It will mean the financing of new homes in this community which of course will spell prosperity for the building trdaes and the merchants. The loan service will afford home builders, home buyers and home owners an opportunity to borrow money and to repay in small monthly payments over a term of years.

From an investment standpoint, the institution will pay 6 per cent on deposits. It does not operate as a bank in carrying checking accounts, being an investment and loaning institution entirely, but is under the same struct state supervision and control as the banks in offering security to its patrons.

This company will operate a two-fold business here, offering investors a simple, definite and profitable plan for accumulating surplus funds in a a comparatively few years' time as well as loaning money to people who wish to build or buy homes.

These loans are principally on homes located in the territory. Each loan is secured by either a first mortgage or a first trust deed. They are repaid to the association in monthly installments over a period of 10 years.

Every community receives a double service from the building and loan association. It promotes thrift by providing a sane and convenient method of saving; it utilizes the funds of its investors in the financing of homes. In the encouragement of these two purposes the building and loan movement assumes a great civic significance.

The invesment certificates offered the investor by the assoication have been made legal for trust funds, allowing administrators, executors, guardians, trustees, etc., to invest in association certificates also allownig cemetery and other trust associations to invest their funds in these certificates. The associations are supervised by the state building and loan commissioner and his staff of appraisers, examiners and other deputies precisely as savings banks are supervised by the state bank superintendent.

NEW TWIN SISTER STRIKE LOOKING UP SAYS FOSTER

Some fine specimen ore has been taken from the No. 2 raise at the Twin Sister property the past week and indicates that something quite worth while is about to be encountered at this point, according to President Ray O. Foster of Talmadge, who was in Nevada City Saturday with a party of stockholders on their way for an inspection of the property. In the party with Foster were John H. Hardeger of Geyserville, Frank Thurston of Santa Cruz, F. D. Thurston of South America, Frank Comino of Calpella and Jack Fonaseri and Bob Rossi of Ukiah.

The big No. 3 tunnel is now in 720 feet and making good progress toward its objective. The face is entirely out of the serpentine and is now in a porphyry formation with stringers of quartz indicating a ledge between this point and the Twin Sister ledge. All the stringers are showing values. The water in the springs is holding up fine and makes it possible to operate the blower and keep two shifts working on the tunnel.

The tunnel is to be ontinued to a point approximately 1000 feet in and is expeted to be completed this fall.

RESCUE EULA STARTING OPERATIONS FEW DAYS

Operations are expected to get under way at the Gaston Ridge properties in the next two weeks following many delays owing to trouble in getting an available power supply. With the North Bloomfield ditch rapidly nearing ompletion will mean water for operating the Pelton wheels at the Gaston pending a more permanent supply of power

The boarding house which will accomodate 40 menis now completed. The materials for repairing the penstock and the pipe line to the drain tunnel are now on the ground ready for installation. A contract for sawing mine timbers has been let to a local firm.

Otto E. Schiffner is general manager in charge of operations.

WILLIAM NIVENS EXPIRES RESULT HEART FAILURE

William L. Nivens, a native of Nevada City for the past 64 years dropped dead from heart failure Wednesday afternoon in front of Costello and Jepsons while onversing with some of his friends. The funeral services were held from the late home on Friday.

He was the son of the late Mr. and Mrs. Archibald Nivens and had attended the local schools.

He was a miner by profession. Fraternally he was a member of the Elks. The funeral services were conducter by the Rev. H. H. Buckner.

Forgotten roast in a gas oven sent the fire department to the R. J. Tremanie home Friday afternoon.

The campstew served by the Nevada Masonic Lodge at Uncle Toms Friday night attracted a large throng of members of the fraternity from over the county. Dancing followed.

Ralph Bowerman, formerly a painter here and a lieutenant in Company C, California National Guard, passed away at Roseville Saturday. Funeral services were held this morning here and interment was in Pine Grove cemetery, under auspices of Holmes Funeral Home.

Mr. and Mrs. J. V. Longe and son Roger, are here from Los Angeles to spend a couple of weeks with Mrs. Longe's parents, Mr. and Mrs. J. B. Young. They were accompanied by an old friend, Mrs. W. A. Burr of Los Angeles.

Eugene Tucker, son of Mrs. Anna Tucker, will be married to Miss Katherine Mervin of Spearks, Nevada, tomorrow morning. He has been attending the Uunversity of Nevada at Reno and is employed by the Narrow Gauge.

A son was born to Mr. and Mrs. I. J. Dubourdieu of Taft at the Nevada City Sanitarium the past week. Mrs. Dubourdieu is a daughter of Mr. and Mrs. J. B. Young.

A man that ould devote all his time to the duties of the office if eleted—Vote for Charles Eden for Supervisor. 40-41

SITUATION MORE HOPEFUL

THE SITUATION OF THE Nevada Irrigation District looks far more hopeful as the various matters pertaining to its internal affairs are being brought to public view. The ultimatum from the State Bond Certification Commission which has the final say as to the issuance of further bonds that the District must get out of Bear river and that its stand there is very weak will go a long ways toward clarifying the atmosphere. Such men as Attorney General Webb and State Bank Examiner Wil C. Wood are disinterested parties in the present situation to the extent that they have no fish to fry in the controversy which has been garing. They are interested in seeing that any bonds issued by the District have a definite marketable value and are safe securities. Their opinion that the District cannot afford any litigation over intangible water rights is well founded in all particulars. If you stop to consider there are but two people so far who maintain that the District ought to fight to the last ditch for Bear river. One of them is the former manager who hopes even yet to revive the PED corpse which he thinks is endowed with the proverbial nine lives. The other one is the attorney for the district who so far stands alone among lawyers that the District has any real rights in the Bear river. It is to be presumed that the third member of the triumvirate which has been guiding the destinies of the NID for years past, the chief engineer, will add his siren voice to the present duet for the District to continue in Bear river.

THE GULLIBLE LAND OWNERS who are still gently beguiled to slumber by the dulcet tones of the former manager who would lead them into the land of milk and honey are rapidly decreasing in numbers but they still group anxiously about their leader, fighting to the last ditch. Except for the event of the recall election things would be on their way to a happy solution of the District's difficulties within the next week, the indebtedness would be met and the future would look a little more rosy. The recall will only serve to further disunite the District and possibly accomplish its disintegration. The only way that Nevada Irrigation District can pull out of the present ruck is to get rid of the wiskerian influence totally, finally and entirely.

AAW.

NORTH COLUMBIA ITEMS

NORTH COLUMBIA, Aug. 18, (Special to The Nugget)— Roy McNamara sprained his back on Wednesday while at work in the Salmon mine and was obliged to stop work for the present.

Mr. and Mrs. Helwig and children of San Francisco were callers at the McNamara's on Friday. Mrs. Helwig taught the Cherokee school several years ago.

M. C. Wisler and Frank W. Peteet made a business visit to Nevada City Wednesday.

Mr. and Mrs. Herb Curnow of Grass Valley were visiting at Mr. Jno. Curnow's on Friday and also called on the McNamara's.

Messrs. Bradbury and Frost are at the Bigelow mine and are making preparations to develop the mine and we hear will soon have a crew of eight or ten men at work. They seem to be well pleased with the mine and hope to make a real mine out of it.

The Salmon mine is being worked by a crew of three, at present, but they are counting on putting in machinery and increasing the force.

We are expecting Mr. and Mrs. Louis Garibaldi to come home on Sunday from Nevada City, where they have been for the past week visiting at Mr. Pollards.

HOUSES BEING PAINTED TYLER NEIGHBORHOOD

TYLER, Aug. 18, (Special to The Nugget)— John, Thomas and Herbert Curnow and the latters wife and little daughter of Grass Valley were visiting their parents, Mr. and Mrs. John Curnow of Tyler Thursday evening.

Ernest and Harold Meyer and sister, Miss Gladis, of Oakland were visiting their father, Henry Meyer, Thursday.

Walter and Tom Bigelow of the Siberia mine at Badger Hill were visitors in Nevada City Tuesday. They expect a company to soon take over their mine.

M. Wisler made a business trip to Nevada City Wednesday.

K. J. Phelan and son, James, were business visitors in Nevada City Tuesday.

Mr. Rector and wife of Nevada City were here Sunday.

Quite a crowd of men from Columbia Hill were called out to help fight fire on Camptonvlle i highway Tuesday night.

Mr. Sharpe, the fire warden, was here Monday looking for a fire on Shady Creek, but there was none there.

James Phelan, Laurence Calanan and Billy Palmer took a bunch of beef cattle to Calanan & Richards Wednesday.

Our school house looks lots better since being repaired. It needed repairing badly and when it gets a coat of paint will look a hunderd per cent better.

Tyler

The residents of Tyler have painted three houses and they sure look nice. Even if there are only a few of us here we like for our houses to look neat.

Charles Salmon and granddaughter were visitors in Nevada City Monday

Menry Meyer and Durel Moody took a load of fat lambs to Nevada City Tuesday.

Father O'Rielly and Tom Meehan of Nevada City were visitors in Columbia Hill.

Father Kennedy of Marysville and Father Guerring of Gridley were visitors here Thursday.

UNITED SECURITY BANK TO SELL GAME TICKETS

The United Security Bank and Trust Company has made arrangemeents to handle the sale of football tickets for all intercollegiate games played this season by California, Stanford, St. Mary's and Santa Clara, excepting the "Big Game", Stanford vs. California.

The bank will handle admissions to single games, and will also handle season tickets for the games to be played at the U. C. staduim and for the games to be played at the Stanford stadium. There will be a saving to purchasers of season tickets, as those for U. C. will sell for $10.00 against $12.50 for single admissions, and the Stanford tickets will sell for $5.00 against $11.00 for single admissions.

Tickets will be handled by the Information and Travel Bureau of the bank at its head office, 631 Market Street, San Francisco, and may also be purchased through any branch or affiliated bank by making application a few days in advance of the game. There will be no charge on the part of the bank for this service which it has rendered for the convenience of the public for the past two seasons.

The Bank will also handle tickets for the Shriners' East vs. West game in December, and the Army and Navy game to be played in Berkeley on Armistice Day, November 11.

YOU WON'T BELIEVE IT 'TIL YOU SEE IT

If two automobiles coming down a steep, one-track incline, one behind the other, were to leap a gap and the car that started in the rear should get over the gap first, the stunt would sound like an impossibility.

But that is just what is going to happen at the State Fair this year when the Fearless Greggs put on their famous "autos that pass in the air" exhibition.

Here's how it is done. The two cars driven by Gregg Brothers are released from the top of a tower simultaneously. They race down a steep incline, one behind the other. When the first car reaches the bottom of the incline, it is thrown high in the air, turning three backward sumersaults. Meanwhile, the second car leaps a gap beneath it. When the first car has completed its aerael somersault journey, it comes down on the other side of the gap behind the second car.

This stunt will be given every afaernoon and evening in front of the grandstand at the State Fair.

William Litzenberg came down from the Brush Creek mnie and spent a short time here visiting.

F. F. Cassidy left Sunday for a trip of a short time at La Porte.

MINING LOOKING GOOD ABOUT NORTH COLUMBIA

NORTH COLUMBIA, Aug. 18, (Special to The Nugget)—Mrs. Louie Garibaldi will soon go to Nevada City to visit and assist her daughter, Mrs. Pollard, in the fruit.

Jack Culver of French Corral was delivering peaches and grapes to Mr and Mrs. Roy McNamara on Thursday. He has some excellent fruit.

Phil Curnow, out enterprising merchant, made a trip to Nevada City for supplies on Thursday.

M. C. Wisler has put in a water system, upmping the water some 300 ft. to his residence and garden, also to Mr. McNamara's house.

James Phelan and brother went to Sacramento on Thursday for a lot of galvanized iron roofing. They drove down in the truck and also in Mr. Frank W. Petetts truck.

The Wisler family and Messrs. John and Frank W. Petett spent Wednesday eve at Mr. and Mrs. T. J. Meadows camp at Edwards Crossing.

Mr. and Mrs. T. J. Meadows are leaving for their home at Lodi, on Saturday after spending their vacation at Edward's Crossing and at the Wisler's. They were accompanied by L. O. Wisler, Jr., who has been spending his vacation with his uncle, M. C. Wisler and grandparents, Mr. and Mrs. Wm. Wisler. His home is in Oakland and he is a son of Lester O. Wisler, Ss., a S. P. A. of that city.

Messrs. M. C Wisler and Frank W. Petett are painting and repairing Mrs. Seabury's home and it makes a great improvement in the looks of the house.

The Bigelow Bros. of the "Siberia Mine" at Badger Hill are lokoing for Mr. Bardbury and party from Oakland.

Mr. Bradbury has been doing a lot of prospecting on the "Siberia Mine" with the idea of buying or leasing the mine. He seems to think the mine is a good one and no doubt he will develop it and make it a paying one again, as it has been a good one in the past and there is no reason why it should not be a good one in the future. Everyone wishes him success in the mine.

Work at the Salmon Mine, at Badger Hill is going on at a brisk pace and have found some good ore. The are looking for some of Mr. Hills men to come soon and are also looking for some machinery from Placerville to arrive shortly.

Mr. McNamara is head driller there at present.

Jas. Coughlan and brother took a load of wood to Nevada City on Friday.

Father O'Rielly of Nevada City was a visitor at the Coughlan home on Tuesday and was accompanied home by Miss Joan Campbell.

N. F. Wisler is figuring on painting the bridge at Footes Crossing. It will be a much needed improvement and should have been done some time ago.

Mr. Bradbury of Oakland returned to the Bigelow Bros. "Siberia Mine" on Wednesday and is busy again at development work. They are taking out some very good samples of ore and no doubt it will develop into a good mine again.

We hear that San Juan has strong hopes of getting water soon and we hopes that the rumor will be realized as they surely are in need of water on the Ridge.

After spending the summer here Dr. Roy Green and family returned to their home in Sacramento.

Mr. and Mrs. Frank May and daughter returned home last week after a visit with Mr. and Mrs. W. V. Tamblyn.

Miss Mary Rossen returned to Oakland Sunday after a vacation spent here with her mother, Mrs. Mary Rossen.

GEORGE WILSON HAS MANY FINE QUALIFICATIONS

A person may spend years in preparation for any line of work in the study of the theoretical requirements of the industry in which he seeks to perfect himself and yet when it comes to practical application there may be some missing element which spells the difference between success and failure.

In other words he may lack IT.

In reviewing the adult life history of George H. Wilson, candidate for the Assembly from the Eighth Assembly district comprising Yuba, Sutter and Yolo Counties, wehave found in previous articles that he succeeded in meeting all requirements during hisenelistment and service as one of Uncle Sam's Soldiers in the World War.

We also found that he grounded himself at the University at Berkeley and also at Davis in his Agricultural training, evidenced by being chosen as an organizer of Farm Groups in various counties of the State. Came the time when he felt the urge to permanently locate himself upon the land and demonstrate that his training could be carried into successful soil husbandry.

Also he realized the aim of all right thinking young men by marrying himself a wife and establishing what in America is the bulwark of a good government — a home. Now he has two boys growing under the tutelage of a good mother and a a good father.

In seeking his farming location he quite naturally sought a place near Davis, his training point, and his choice fell upon 300 acres in the fertile Holland Land district. That was in 1922 and since that time he has matured each year more than ordinary bountiful crops of beans, sugar beets, peas and asparagus. His school-day training stood him in good stead. He has combined intelligence with industry and education and has steadily risen in the esteem and confidence of his neighbors.

During these busy years he has not forgotten that every reputable citizen owes something to his community and State, so he has been active in all farm activities. Mr. Wilson has been closely identified with Farm Bureau work in Yolo County and has been a factor in its State Councils. He has held every position in the Farm Bureau work from member to President of the Yolo County Bureau from which position he resigned when he became a candidate for the Assembly.

Nor is Wilson lacking in legislative experience. During the last legislative session of two years ago he was a representative of the Farm organizations during the entire session. He is closely identified with the California Grange and Farmer's Union as well as with the Farm Bureau. He has recently taken his brother into partnership in his farming operations and is therefore, more than ever in a position to devote his time to the duties of a public representative.

Wilson's qualifications are unquestionably of the highest order, his energy is apparent, his loyalty to high purpose has been demonstrated

In fine, Wilson would be an ideal representative for an agricultural district of such varied resources as this of ours.

His life has stamped him as a stalwart, upstanding citizen devoted to family, to civic welfare and efficient government. Your vote for him on August 28 will be well cast and surely never regretted.

Henry Huckins and E. H. Ernst of Nevada City were visitors at Pike and Camptonville this week.

TURPENTINE INDUSTRY INTEREST CAMPTONVILLE

CAMPTONVILLE, Aug. 18, (Special to The Nugget)— A new industry is springing up in this vicinity, an ndustry which promises to be lastng and steady, and of importance to the community. Gum tapping of the pine timber for use in the manufacture of turpentine, which is being put over by Mr. Ernst, now located at Nevada City, and an experienced man in his work.

Mr. Ernst was here a few days ago interviewing the landowners, and expects to return shortly and take it up with those whom he did not see the first time. He has already signed up the entire population on the Pike City ridge. He goes into a contract with the owner wherein the right to tap the pine timber thereon is given for a period of twenty years, with the rgiht reserved by the owner to use or cut any of the timber he wishes during that time. A price of $1.25 per 100 pounds is allowed for the gum extracted.

He agrees to pay for any trees that are damaged in the work. He puts three cups per tree to catch the gum, which is two less than the amount prescribed by the gvoernment, so this process is absolutely harmless to the tree.

In order to successfully carry on the industry, it is necessary for him to get 100 acres of timberland signed up. He already has that amount at Pike City, and it is expected that he will readily obtain that or more here. For every 1000 acres, he establishes a camp to take care of the work, and prefers to have them establish in the small towns, rather than in the woods, it requiring 20 men to care for each section, meaning employment for 20 men for nine months of the year for each community in which the industry is started. Either virgin or second growth pine timber can be used.

A plant will be erected to work the crude gum and extract the turpentine. This country abounds in pine timber, and is adapted to this new industry. The local people look with favor upon the new project, and it is probable that it will become a steady industry of this part of the state. Many years ago, during the Civil War, some of the pine timber in this section was tapped for gum for the manufacture of turpentine.

Jas. Coughlan took a crew of men to Freemans Crossing on Tuesday to help put out the fire.

John Curnow made a business trip to Grass Valley Friday and Saturday.

Miss Elaine Mobley is home from a most delightful trip thru the east having had a most happy time with frineds on the journey.

FRENCH CORRAL CITIZENS PICNIC IN MOUNTAINS

FRENCH CORRAL, Aug. 18, (Special to The Nugget)— Well these are busy days and despite the hot weather the good housekeeper must get ready for winter. Fruit and vegetables jellies, preserves, how-chow, and all those must be "done up" and now is the time that many are taking their vacation and old friends are dropping in at all times. The time goes by so quickly one can hardly realize that another week is spent. But this privilege of talking of talking of French Corral's doings must not be over looked so here goes for the week's news.

J. W. Culver made a trip to Grass Valley to meet his wife, who was returning from San Francisco where she had spent a few weeks visiting with her daughter, Mrs. Earl Chatty.

A. Browning made a business trip to Edwards Bridge.

A bus load of picnickers left early Sunday morning for a day's outing in the mountains. Those in the party were: Mr. and Mrs. W. E. Moulton, Misses Frances and Louise Moulton, Mr. and Mrs. Ray Smith and little daughter, Mrs. Sutherland and Mrs. Schwartz and son, Teddy. They went to Bullards Bar, Downieville, and Camptonville and had a most delightful trip. Needless to say anything about a sumptuous lunch being provided if Mrs. Moulton or Mrs. Schwartz had anything to do with it Judging from the singing and shouting and laughter we heard we are sure they had joy in excess.

Harry and Ira Slack were Sunday visitors. Harry, Ira and his wife, and their mother, Mrs. Sam Slack, are the guests of Mrs. C. H. Jones of Sweetland. The Slack family are old time Sweetlanders and are having a happy visit at the old home town.

Mrs. K. Wood and Mrs. Sam Slack spent Monday with their friends Mrs. J. W. Morris and Mrs. K. Sullivan. Mr. and Mrs. Ira Slack, Mrs. Harry Slack and Miss Evelyn Jones were visitors at French Corral. The Slack family now reside in Hollywood.

A. Browning and son Clyde, made a trip to Folsom Monday.

Levin Brown of Sweetland was a visitor this week.

We are glad to know that the terrible forest fire that was raging above San Juan is under control. Ernest Collins made a trip to French Corral Tuesday evening to get men to help fight fire. Thomas Meyers, Rudolph Dalberg and Bony Bishop went with him. He brought them back Wednesday evening.

Ray Smith, wife and little daughter returned to their home in San Francisco after a pleasant visit with their aunt and uncle, Mr. and Mrs. W. E. Moulton.

Miss Hannah Bynon, one of our Birchville girls that town having been her birthplace and girlhood home, paid us a visit Wednesday. Miss Bynon makes her home in Fresno, where she has for many years been a successful teacher. She was accompanied by Mr. and Mrs. J. O. Cross of Santa Rosa. Mr. Cross is county superintendent of schools at that pace.

The new home of W. E. Moulton is rapidly nearing completion. When finished it will add much to the good looks of our town.

We are glad to know that repair work has been resumed at Bowman Dam.

The S. J. R. W. A. is planning another big event for September 8th A gala time is intended. Will hear more about it at a later time thru The Nugget.

Mrs. J. Ferguson of Sebastopol, one of our highly respected pioneer women elebrated her 97th birthday Thursday. She is a wonderfully preserved woman and so beloved by all of us. She has raised a large family of girls and was the mother of ten children eight of whom are living.

Judge and Mrs. H. B. Dow are back from Pyramid Lake where they spent their vacation.

J. K. O'Brien and sisters, Misses Josephine and Helen, of Smartville visited in Nevada City Wednesday.

Mrs. P. G. Scadden came up with her daughter and husband, Mr. and Mrs. W. H. Moore, from Pittsburg Wednesday evening. The young people will visit here for a time.

Mrs. W. B. Magonigal spent a couple of days in San Francisco last week.

Miss Esther Tremaine left Wednesday to enter U. C. Berkeley for the coming year.

NID FUTURE LOOKS BETTER

Continued From Front Page

That he has been trying to sell out the PED to the Pacific Gas was evidenced when he read a letter he wrote the company asking if it would be agreeable to the Pacific Gas to take an assignment of the PED. He noted that the company replied that it was not interested.

He refused to give any new details of his new scheme stating that they would only be divulged to the railroad commission at the proposed hearing to air the district troubles with the Pacific Gas. Director Schwartz said it was no use talking with any one unless they were able to put up a guarantee. Director Mulcahy said he wanted to know more about the plan before the board should be asked to take the matter before the railroad commission.

It developed that Wisker has asked Governor Young to take a hand in the proceedings and hold the situation down until he can get it into the hands of the railroad commission

The former manager stated at the previous meeting that he would not present a bill for his unexpired time under his contract but he apparently experienced a change of heart and had a bill in for $1774 and incidentals which was paid by warrant.

Petitions signed by 153 landowners were presented asking that the district get the railroad commission to take up the matters of controversy.

A recall petition signed by 32 voters and asking the recall of Chairman J. A. Teagarden on the ground of incompetency was presented. The following are the signers as caught on the fly:—R. G. Johnson, W. W. Morrison, J. E. Ferrero, F. Ferrero, Mrs. R. G. Johnson, Elizabeth T. Johnson, N. Nelson, Francis A. McMains, Miss Sydda M. McMains, Roy M. Hawkins, Robert J. McMains, Magdalena Markell, D. F. Wyatt, May A. Wyatt, Annie C. Hanson, Fred Peterson, Elizabeth Peterson, Alton W. Morrison, Leonidas Lowery, Zerrilla Joslin, Wm. Wallace, Mrs. L. D. Wallace, P. Thomas, A. W. Thomas, Myrtle Lowery, A. Thomas, M. S. Thomas, S. A. Hensley, Wm. A. Hensley, Ernset P. Jnoes, Asa M. Jones, H. C. Hansen, and Mary E. Newcomb.

Several recall petitions with a flock of circulotors composer of Theodore E. Williams, Roger F. Williams Harry B. Cox and D. M. Loney were filed against Theodore Schwartz. The following names appear on these among whom are several who tried to get off after they had signed; Harry B. Cox, Juliet I. Cox, D. M. Loney, Marion B. Loney, Guy N. Robinson, Edw. Horton, Grace Robinson, I. Stites, M. B. Church, Kate Church, Paul Ehmann, George Ehmann, C. C. Loney, Eunice Loney, Linda M. Loney, W. B. Smith, Lida Tisher, Selina Ravn, R. Tisher, Earl Smith, Dora C. Smith, Velma Clark, Chandler Church, Walter Purdge, Willis Webber, Mark F. Webber, Harry Williams, Annie Williams, Theodore Williams, Albert Black, W. N. Ogden, Leonard Lind, Lowell Elster, George F. Reile, Elizabeth Black Cornelia O'Dell, Mary Beyer, Fred Beyer, Elmira Ogden, John O. Mott, Sarah E. Mott, Merritt L. O'Dell, Roger F. Williams, Ray Paull, Mariana Paull, Eugene Townsend, F. L. Townsend, Odessa Williams, Maggie M. Jones, Deborah Gilham, Edith L. Webber, Fred G. Webber, Viola L. Webber, Henry A. Webber, E. E. Crutcher, Mrs. E. E. Crutcher, Clifford LeDuc, C. F. Blakesly, Mary E. Brown, Hattie E. Stites, and Leota Blakesly.

Following the reading of the Schwartz recall petition Mrs. Manuel Frank created a diversion when she alleged that misrepresentations had been made to secure signers and that the Townsends had tried to get their names off after they had signed and they had not been removed. She said that one of the circulators had said that Schwartz had sold the farmers out to the P. G. & E. and that he was going to quit anyway. Williams claimed the language in the heading of the petition was plain English. He made no rejoinder to the charge that verbal misrepresentations had been made.

Roger Williams reported that he had received notice from the state highway commission to cease using the road ditch for the carrying of his irrigation water on state property and wanted the directors to pull him out of the dilemma.

The date of the recall election has been set for Saturday September 22d, between the hours of 8 to 4.

Papers are being prepared for the recall of at least one more director it is reported.

POLITICAL CHAT

Charles Eden, who is campaigning for supervisor in this district is basing his appeal to the voters on the basis of better roads. Charley has had a lot of experience in building roads and knows that game from A to Z.

Ed Gaylord is making big headway in his campaign for the assembly, according to reports reaching this office from widely scattered sections His past experience in the assembly and his keen sympathy for the needs of the miners is making many votes for him.

The Colfax Record, the Mountain Democrat of Placerville, The Republican of Truckee and the National Bulletin of Quincy have been making flattering editorial mention of Burt A. Cassidy who is campaigning for the senate. Burt has been waging a strenous campaign and knows the value of printer's ink.

A WORD TO THE VOTERS

By Uncle Tom

As a candidate for Supervisor at the coming election, I would like to remind the people of the reasons why I feel that I should be given just onsideration by the voters.

I am a heavy tax payer and have and am always willing to help in any undertaking that will help or does help our community to build up. I feel that my resort, Uncle Tom's Cabin, is evidence of my belief in the growth of the county and evidence of my faith in the people. also the interest I have shown in the mining industry.

I feel as if with my experience I am fuly competent to fill the dutie of supervisor and as such I feel I am entitled to a term, as the present incumbent has had it for a good many years.

If elected I shall enreavor to show a $1. worth of service for every dollar spent.

I now appeal to the voters of the 1st district to vote for me and I will endeavor to do my work honestly efficiently and economically if elected.

The report of the Fourth of July Committee shows a balance of $177.12 after all bills were paid, which sum has been placed at interest as the nucleus for the Fourth two years hence. The total receipts were $872.13 and the disbursements, $695.01.

LOW RATES MAKE ELECTRIC COOKING ECONOMICAL

1542 electric ranges just installed in our customers' homes

The Electric Range gives beauty, cleanliness and perfect baking to women who love modern methods.

That is the reason why 1542 of our customers installed Electric Ranges in their homes from May 1st to June 23rd.

The Electric Range has white porcelain enamel that makes kitchens attractive. It bakes perfectly. And it does it automatically. The oven heats up to 400 degrees in 9 to 11 minutes —as fast as one can mix biscuits. The open coil cooking elements are now made smaller to fit your pans. Heat that was formerly wasted goes to work. Food cooks faster — less electricity is used.

While you're downtown, stop in and see the new Electric Ranges.
